

Twin Valley Education Foundation “Recipe for Success” school lunch balance donation opportunity

It takes many different ingredients to create the perfect dish. It also takes different varieties of opportunities to create the perfect educational environment for students. The Twin Valley Education Foundation is accepting donations to apply towards the overdue lunch balances for students in our district.

All donations will be prioritized based upon need district-wide or can be targeted for a particular school. A gift as small as \$20 can help pay off an account for a student and mean a great deal to a family going through financial difficulties.
